Blue & Grey Collection - 2020

“Our inspiration for 2020: tailored lines, longevity, quality and classic colours reflecting British life.

This year we have created a collection of suits and jackets that reflect all that is great about British Tailoring and traditional cloth manufacturing, allowing recognisable style and quality to be re-interpreted for 2020 and beyond.”

Adam Nicholson
Designer & Tailor, The British Tailoring Co.

Our Suit for 2020

The tailored lines of a two button suit and the depth of a checked, five button, collared waist coat with wool/silk blend cloth (mastered by Bateman and Ogden of Yorkshire). Stand out from the crowd in this signature suit for 2020 that exudes that quality and style associated with British Tailoring.

The James Bond Suit

We are often asked for ‘The James Bond Suit’ - the suit for all occasions that provides the style and elegance of British Tailoring.

We present our take on the great Grey suit that is a staple for every man’s wardrobe. This classic British suit is constructed with a medium weight Dugdale of Huddersfield cloth, layered with a six button waistcoat, slant pockets with over-flaps and ticket pocket. This can be worn for any occasion; work, play, wedding, dinner or even secret missions!

Dandy

Oxford Dictionary definition: “A young man unduly concerned with looking stylish and fashionable.”

Be prepared to turn heads with this striking Bateman and Ogden 100% luxury merino wool grey and blue check from their Cad and Dandy range.

Changeable Weather

Simply stylish in unpredictable weather. This single jacket manufactured from a medium weight, water resistant, blue cloth (by Holland & Sherry of Saville Row) re-interprets the modern tailored jacket.

With an inbuilt and removable zip lapel front yoke, this jacket can be worn winter or summer, or changed as often as the weather! It provides tailored lines and classic British Tailoring quality for any casual occasion.

Summer Work and Play

The essential summer suit for afternoon meetings, weddings, or even journeys through London's Central Line.

This suit (made with a Holland & Sherry cloth from the Crispaire range), is lightweight allowing free air flow and is crease resistant.

With a crisp, white, tailored summery shirt and clean jacket welt pocket lines, this suit represents all that is great about British tailoring and cloth technology.

Autumn and Winter Pleasure

This casual sports jacket is a stylish addition to your wardrobe for when the summer closes and autumn sets in.

With its medium weight 100% wool cloth (by Abraham Moons and Sons of Yorkshire), this jacket is perfect for walking the dogs or a relaxed drink at the local.

This casual blue check jacket with its brown and orange detailing combines the rich colours of autumn.
